6. SERVICE DESCRIPTION

DOMINO EARNING WORLD (DEW), we are a platform that offers "NFTs" non-fungible token or non-fungible token or digital art, through the **Domino Earning World (DEW) Game**, based on Blockchain technology, uniting millions of enthusiasts of the Dominoes game in a community, where you can buy and create your own non-fungible token "NFTs" or digital art, such as avatars, accessories, dominoes, and organize games including tournaments in the game centers for real profit.

The Domino Game will combine multi-million dollar markets starting from a video game and a popular millennial game, all merged by Blockchain and NFT technologies. In the Crypto ecosystem, there are not many video games that give players the opportunity to make real profits. We believe there is a huge opportunity in the market for video games with play-to-win features. The slow digitization and lack of transparency of the NFT games market gave us the possibility to see the great niche for the creation of Dominoes as NFTs. Online domino game platforms with modern graphics, extensive game possibilities and most importantly Blockchain is what the market wants.
